THOMAS PRINTZ' PRIVATE BULLETIN. A BRIDGE TO FREEDOM PUBLICATION

May 3rd. 1959. VOL. 8. NO.5.

Good friends of My Heart:

In Our Great Cosmic Laboratory where I serve, sheet after sheet of Cosmic Flame flashes forth and the rhythmic pulsation of life by which this Universe is sustained. That life is charged and surcharged with My Blessing and is carried by Great Devas and Nature Gods into the substance of the Earth and into the lives of mankind! For all, It is the Animating Spirit of the Resurrection Flame by which all live on this Earth Plane. Therefore, the very fact that they live and breathe shows that "there 'I AM' in the midst of them."

"I AM" personally responsible for all the energy dispensed to this Earth and, for It, I must render an accounting. Therefore, you can see My great gratitude and devotion to the blessed Ascended Master Saint Germain for His Service in the purification of mankind and all the evolutions using The Earth as a schoolroom! "I AM" equally grateful for faithful individuals like My kindly, gracious chelas to whom I address these Words, and who have chosen to assist Me in redeeming misqualified life.

I have accepted you, dear ones, to be personal individual representatives of My humble Self as channels for the outpouring of the Gifts of The Holy Spirit, and as individuals who will help Me to redeem and raise life everywhere. I feel towards you, that you are personal friends and co-workers and valuable assistants to Me so that I may assist in the resurrection of the Earth to The Father, a planet and a people completely free and purified of every known and unknown distress.

As an open door to the Cosmic pressure of the Violet Transmuting Flame, you are each a Healing Presence. When, for instance, a physical body is covered with mud and caked dirt, if you place him in a bath and the dirt and mud are removed, you give that one comfort, purification and healing - you have thus relieved such an one from unnecessary discordantly qualified substance which weighs heavily upon the soul, embodied or dis-embodied. Such is one action of the Violet Transmuting Flame.

When you pass through a hospital or any place where there are numbers of distressed people, remember that by conscious recognition and the discreet and silent calling forth of the Violet Transmuting Flame, a pressure of That Flame will surge forth from you as well as from Blessed Saint Germain, Kwyn Yen and the Angels of Mercy that will help dissolve pain, limitation, distress and agony which has temporarily shut in their light. Your privilege is very great and in such manner you have the opportunity to pay back to life the balance which you might owe.

All life is My responsibility. I give the first rhythmic pulsation of breath through the nostrils of every individual born upon this Earth and "I AM" the pulsebeat of their blessed hearts. Being the Dispenser of life I must render an accounting for the use of that life.

I shall say here, selfish desire for more knowledge is of no avail unless the teachings given be assimilated (as the body assimilates the food to nourish and sustain it) and that knowledge acquired is then put into practice, for Faith without works is dead!

My gratitude and My blessing enfolds you.

Love and Blessings
